

Bionic Beats

April 2026

This month, we celebrated POP Month with ABC, recognizing the vital role of patient care and the positive impact our team makes each day. We highlighted our commitment to better outcomes, mutual support, and excellence across all areas of care. It was a meaningful time to connect, reflect on our mission, and celebrate the dedication behind our success.

WHAT'S HAPPENING AT BIONIC

Our Tinley Park office has relocated to a new space, marking an exciting step forward for the team. The updated location offers a more functional environment to better support both patients and staff. We look forward to continuing to deliver high-quality care and appreciate everyone's support during the transition.

Libbi recently presented to about 20 Girl Scouts, from middle to high school age. The group was highly engaged, showing particular interest in the medical devices she shared, which sparked thoughtful questions and discussion. The event also included a range of professionals—researchers, a social worker, pharmacists, a respiratory therapist, and a phlebotomist—offering students a broad look at careers in healthcare.

Congratulations to Zipporah on completing her Girl Scout Gold Award—an outstanding accomplishment that highlights her dedication and leadership. As she prepares to graduate this spring, we wish her all the best in her future endeavors.

PATIENT SPOTLIGHT

Every smile we see is a reminder of why our work matters. It's a privilege to support our patients on their journey and to play a small part in the confidence and joy those smiles represent.

EMPLOYEE of the Month:

VICTORIA CLEMMER!

"Victoria has been with Bionic for a little over a year and has grown within her position. Victoria is sweet, generous, organized, professional, thorough, pays attention to details and been a pleasure to work alongside. We all appreciate what she does for her patients, clinicians and assisting other clinics. Whenever asked to take any additional tasks Victoria has always said yes with a smile. Thank you Victoria for all you do on a daily basis, we greatly appreciate you."
