Making Positive Impacts: Our Bionic Successes

Quotes from Christine Nagy,

Melbourne Office

Kendle Nagy -

"Kendle has been with us for a little over a year and she is a major asset for us. She has taken on the role of lead trainer whenever we have a new hire. She always shares whatever new things she has learned with her fellow OA's. She has also worked very hard in turning around the Melbourne location by organizing and cleaning the office. This has made it more welcoming for our patients and it has helped make our practitioner's job easier. Kendle is always willing to jump in to help wherever needed."

Titusville Office

Lisa Koch -

"Lisa has been with us for a short while now and is our newest hire. Lisa has jumped right in and has excelled at learning all the ins and outs of prosthetics and orthotics. Lisa is very tech savvy and she is always willing to help us with any issues that arise. Lisa is always offering to help and the patients and fellow employees love her."

Fort Myers Office

Aubrey Cox -

"Aubrey has been with us the longest. She is always willing to share her knowledge and willing to jump in and help any of her fellow employees. She is definitely an asset to this company. She has just recently moved into a new building. She helped set it up and through this has made it very welcoming for our patients. She has also made sure that our existing patients know where our office is located and that they will still continue to get the same excellent service that they have always received."

Kinetic Kids! San Antonio Texas

On Friday June 17th, the San Antonio clinic reached out to the youth of their community. They engaged, shared and encourage community members through spreading the work that Bionic does!

Bionic Family: Pet Edition!

"Introducing the newest member to my family, **Kobe!**

Our Kobe's **birthday is April 5, 2022!** His name was inspired from professional basketball player, Kobe Bryant #8! We are a basketball family and we felt this name was right for our puppy!

Kobe is a Maltipoo, which means he is half Maltese and poodle.

Kobe's favorite toy right now is my sons gym shoes (he loves to chew on his shoe laces). He loves to sleep and cuddle in our bed. This is **our first family dog** and my children are extremely obsessed with him. He has been enjoying himself running in the grass and chasing the kids. Kobe has brought a different light and love into our household and were so happy to have him!"

-Isa Rocha, Contracting Manager

ANYTIME PIZZA Via: MyPlate

Ingredient list:

- 1/4 mini baguette or Italian bread (split lengthwise, or 2 split English muffins)
- 1/2 cup pizza sauce
- 1/2 cup mozzarella or cheddar cheese (part-skim, shredded)
- 1/4 cup green pepper (chopped)
- 1/4 cup mushrooms (fresh or canned, sliced)
- vegetable toppings (other, as desired, optional)
- Italian seasoning (optional)

1. Toast the bread or English muffin until slightly brown.
2. Top bread or muffin with pizza sauce, vegetables and low-fat cheese.
3. Sprinkle with Italian seasonings as desired.
4. Return bread to toaster oven (or regular oven preheated to 350 degrees).
5. Heat until cheese melts.

Grilling Safety Tips For Your Summer Barbecue

Although grilling is a popular way to prepare food in the summer, it can also be dangerous. The National Fire Protection Association reports that May, June, July and August are the most active months for grill fires—with July taking the top spot. Additionally, an average of 8,900 home fires are caused by grilling each year.

Keep the following safety suggestions in mind when grilling:

- Check the gas tank hose before using it for the first time each year.
- Keep your grill at least 10 feet away from other objects, including your house, trees and outdoor seating.
- Grill outside only on a flat surface, and don't bring the grill into an unventilated or enclosed space, such as the garage, carport or porch.
- Only use starter fluid with charcoal grills—never with gas grills.
- Keep children and pets at least 3 feet away from the grilling area.
- Don't leave your grill unattended, as fires can double in size every minute.
- Clean the grill regularly to remove grease and fat buildup.

Overall, practicing vigilance and taking proper precautions can help reduce fires and associated burn injuries caused by grills.

Employee of the Month:

Jessica Ludwig

She is always going above and beyond to ensure our patients are happy and taken care of. She is running like crazy at every end of the month to coordinate sockets for deliveries and is happy to help. She always helps the practitioners to get their files moving from A to Z!
